PENILAIAN SUMATIF TENGAH SEMESTER (PSTS) GANJIL

TAHUN AJARAN 2026/2027

Nama Siswa : …… Hari/ Tanggal : …….....

Mata Pelajaran : B. Inggris Kelas : XII (Duabelas)

Kerjakan soal dibawah ini dengan benar !

1. Text 1 (For questions no 1 - 5)
Long time ago, in a polluted valley near Permata Abadi village, the air was heavy with smoke and the river was dark with industrial waste. The villagers suffered from continuous illnesses. One day, a wise elder named Elian discovered a glowing seed of Green Energy hidden inside an ancient solar tree. Elian planted the seed in the heart of the village. Suddenly, the seed sprouted into a giant glowing tree that absorbed all carbon emissions and generated clean solar power for everyone. The dark valley transformed into a lush, green sanctuary, and the villagers lived healthily ever after.

What is the main theme of the narrative text above?

A. Industrial waste management in big cities.
B. Green energy and environmental preservation transforming a polluted village.
C. An ancient history of finding gold treasures.
D. The danger of growing giant trees in residential areas.

2. Based on Text 1, which of the following statements reflect the characteristics of a Narrative Text structure? (Choose two correct answers)

A. It presents the complication or problem in the middle of the story (e.g., polluted valley and illnesses).
B. It provides a step-by-step instruction on how to plant a tree.
C. It contains an orientation introducing the setting and character (Elian).
D. It gives factual statistical data about solar panels.

3. Which sentence from Text 1 uses the Simple Past Tense correctly?

A. The villagers suffer from continuous illnesses.
B. Elian discovers a glowing seed of Green Energy.
C. The dark valley transformed into a lush, green sanctuary.
D. The seed sprouts into a giant glowing tree.

4. Match the action verbs and time connectives from Text 1 with their categories!
1. "Discovered", "planted", "transformed"
2. "Long time ago", "Suddenly"

A. Time Connectives / Conjunctions
B. Action Verbs (Past form)

5. The resolution of the story in Text 1 is when the seed sprouted into a giant glowing tree that generated clean solar power and turned the valley into a ..... sanctuary.

6. Text 2 (For questions no 6 - 9)
Direct Speech: Elian said to the villagers, "We must switch to renewable energy today to save our environment."
If we change Elian's direct speech into indirect (reported) speech, the correct sentence is...

A. Elian told the villagers that we must switch to renewable energy today to save our environment.

B. Elian told the villagers that they had to switch to renewable energy that day to save their environment.

C. Elian said that we have to switch to renewable energy now.

D. Elian asked the villagers to switching to renewable energy.

7. When converting Direct Speech to Indirect Speech in past narrative contexts, what usually changes? (Choose two correct answers)

A. Tense shifts back (e.g., present to past).

B. Time and place markers change (e.g., 'today' becomes 'that day').

C. Punctuation marks like quotation marks ("...") remain mandatory in reported speech.

D. The meaning of the sentence changes completely.

8. Statement: In reported speech questions (asking information), we use question marks (?) at the end of the indirect sentence.

A. True

B. False

9. An inquiring sentence used to get specific details about solar panel installation is called asking for .....

10. Read the dialogue below!
Sinta: "The wind turbine project will reduce carbon footprint by 50 percent next year."
Budi: ".....? Did you say 50 percent?"
Sinta: "Yes, exactly 50 percent."

Which expression best completes Budi's response to ask for confirmation or repetition?

A. I don't care about the project

B. Could you say that again, please?

C. Where do you live?

D. Let's go to the market

11. Which of the following expressions is NOT used for asking for repetition?

A. Pardon me?

B. Could you repeat that, please?

C. I am completely sure about it.

D. Say that again, please?

12. Which expressions are appropriate for asking for confirmation? (Choose two correct answers)

A. Did I understand you correctly that solar energy is free?

B. Can you explain why you are silent?

C. Let me get this straight, are we switching to solar power?

D. What is your favorite food?

13. When someone speaks too softly and you did not hear them regarding a green energy workshop, you can say, "I beg your ....."?

14. *[Matching]*
Match the conversational expressions with their correct functions!
1. "Pardon? Could you speak louder?"
2. "If I'm not mistaken, the solar panels arrive tomorrow, right?"

A. Asking for Confirmation

B. Asking for Repetition

15. Read the riddle!
"I am invisible, yet I can power your entire house. I dance on massive white blades when the breeze blows. What am I?"

What is the answer to the riddle above?

A. Coal power

B. Wind energy

C. Plastic waste

D. Diesel generator

16. Read the riddle below!
"I wear a coat of silicon, I soak up the sun all day long, and I turn daylight into electricity without making a sound. What am I?"

What object is described in this riddle?

A. Solar panel
B. Water pump
C. Electric car
D. Gas stove

17. *[Complex Multiple Choice]*
What are the common characteristics of a Riddle related to environmental themes? (Choose two correct answers)

A. It uses metaphorical or descriptive clues.
B. It ends with a question prompting the reader to guess the answer.
C. It is written in a long, academic scientific research format.
D. It requires complex statistical calculations.

18. Statement: Riddles are forms of word games or puzzles that test cleverness and observation skills regarding everyday objects or green technology.

A. True
B. False

19. A puzzle in the form of a question or statement that has a clever and witty answer is called a .....

20. Text 3 (For questions no 20 - 22)
Interviewer: "Could you tell me how many households use solar biomass in Permata Abadi village?"
Local Leader: "We have 150 households using it currently."

In the dialogue above, the interviewer is asking for...

A. Repetition
B. Information
C. Permission
D. Apology

21. If we convert the local leader's response ("We have 150 households using it currently") into indirect speech, it becomes...

A. The local leader said that they had 150 households using it then.
B. The local leader says that we have 150 households.
C. The local leader asked if they have households.
D. The local leader told me to use solar biomass.

22. Which phrases are suitable for asking for information politely? (Choose two correct answers)

A. Could you tell me where the recycling center is?
B. Shut the door immediately!
C. I wonder if you could explain how biogas works.
D. Give me your money now.

23. Write a short paragraph (3-4 sentences) of a Narrative Text about green energy discovery using the Simple Past Tense and action verbs!

24. Create a short riddle about a recycling bin or paper bag, complete with its answer!

25. Write a dialogue exchange (2 turns) demonstrating 'Asking for Repetition' and 'Asking for Confirmation' in a discussion about planting trees!
